

Hirschmann SPIDER-SL-40-XX

Due to the fact that Hirschmann discontinued the SPIDER-SL-40-XX-Series we are forced to also remove these products from our pricelist.

Last orders can be placed until the 2023-06-30.

As a consequence the according SFP are also removed from the pricelist as they were only foreseen in the context of the afore mentioned SPIDER switches. They are not part of the discontinuation from Hirschmann and can still be ordered when required for other switches.

Name	Part No.
SPIDER-SL-40-05T	10000000000721
SPIDER-SL-40-06T2SFP	10000000000722
M-SFP-LX/LC EEC	990000151
M-SFP-LX+/LC EEC	990000152

As a result of this discontinuation the new [Phoenix Contact switches](#) are the only available switches suitable for HIMax RemoteRack.
